## a Fender Strat Neck to a Variax Standard (= Yamaha Pacifica)

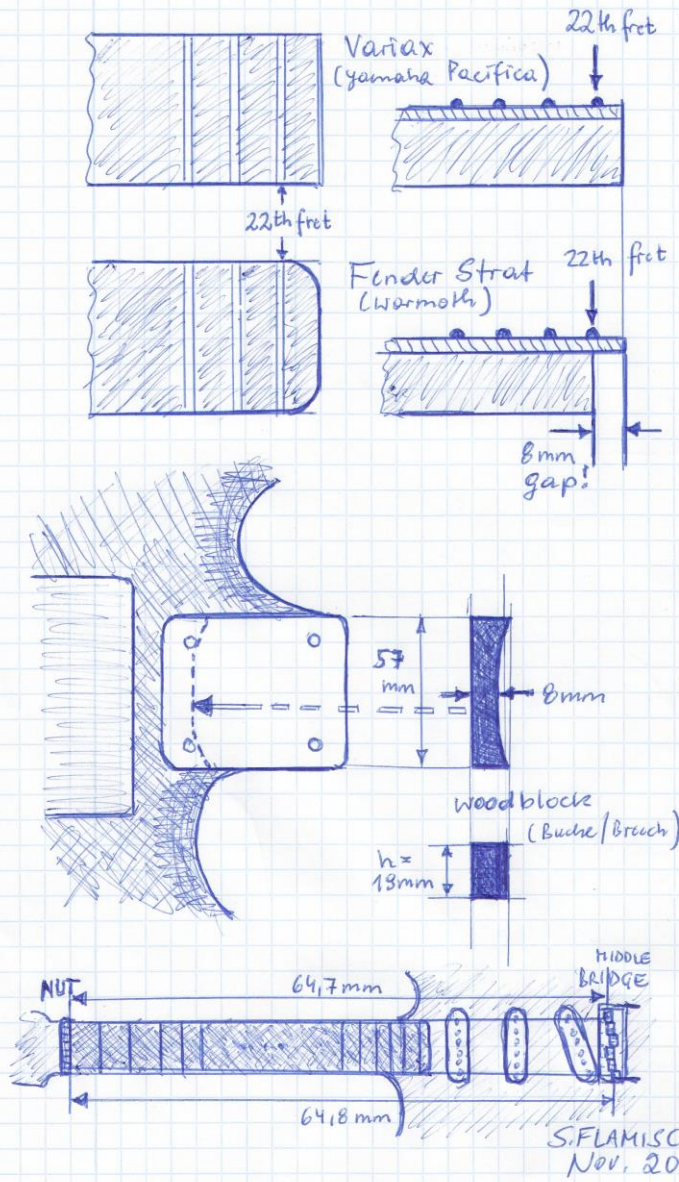

Wanted new Strat neck, custom made by WARMOTH, with wider nut width  $1\frac{3}{4}$ " (45 mm)!

Problem: 8mm length difference between neck ends, no direct replacement possible.

Solution: see pictures below

Adaption FENDER STRAT NECK to Variax Standard (= Yamaha Pacifica)

My new Variax Standard with wider Strat neck, modified body form and modified electronics:
